

All FY2022 Kansas Nonprofit Security Grant Program (NSGP) applications received within the deadline have been successfully submitted to FEMA. If you are receiving this email, your application was submitted.

Program guidance indicates that FEMA must advise the states of awards, no later than September 30, 2022. Lt. Cordner will reach out to each applicant on the status of their application immediately following FEMA's advisement. ***There is no need to periodically check in on the status of your application.***

What you can do between now and your official notification is prepare for next steps.

If awarded, you would be required to submit an Environmental Historic Preservation Assessment form with colored-labeled photos indicating what physical work will be done on your facility and grounds.

We will be announcing periodic webinars on EHP, procurement and other trainings.

If awarded, you will have the opportunity for a project manager orientation to help you manage your project.

Please take the opportunity to tour <http://www.datacounts.net/nsqp> .

Thank you for your time.

Lt. Edna Cordner
